Curtain measuring worksheet

Write every size in cm. One row per window, even if two look the same.

curtaininstallationdubai.ae

Room / window	Inside or outside	Track or rod	Width: top / middle / bottom			Track width	Drop: left / middle / right			Length style	Curtain style	Notes (AC, pelmet, motor)

Width: outside the frame use the widest reading and add 15 to 25 cm each side. Inside the recess use the smallest and take off 1 cm.

Drop: hook point to floor, shortest reading. Minus 1 cm for floor length, plus 5 cm for a puddle.

Fullness: eyelet 2x, pinch pleat 2 to 2.5x, wave 2.5x, sheer 2.5 to 3x.
